

# Olivia Newton-John, It's Not Heaven

(Olivia Newton-John/Randy Goodrum)

Here's your lunch money  
You better hurry for the old school bus  
Did you clean your teeth this morning  
I know you hate it when I start to fuss  
Here's the letter for your teacher  
Your dinner's in the freezer  
Five minutes in the microwave  
Don't wait for me this evening  
I'm probably working late

Your dad is coming over  
With his new lover  
And I don't wanna be around  
So I'm gonna do some shopping  
I'll buy you those stockings  
I'll be back in half an hour  
Oh it's my anticipation  
There'd be a confrontation  
I know how much it breaks your heart  
Let's be pleased for him--he's trying  
To make a brand new start

It's not Heaven but it's all we've got  
You have to understand it  
I wanted Ozzie and Harriet  
With a picket fence around it  
But that was all an illusion  
Now we're living in reality  
But we're gonna have a happy ending--you and me

We'll spend the weekend playing  
I hope it won't be raining  
When we go to the game with Dan  
I know you think he's boring  
But this time don't ignore him  
Won't you give him half a chance  
No he's not as fun as dad  
But there's good as well as bad  
In hanging on to yesterday  
I'm not trying to replace him  
Guess I'm really trying to say

It's not Heaven but it's all we've got  
You have to understand it  
I wanted Ozzie and Harriet  
With a picket fence around it  
But that was all an illusion  
Now we're living in reality  
But we're gonna have a happy ending--you and me

Together I know we'll survive  
Rebuild our lives together  
One day at a time

It's not Heaven but it's all we've got  
You have to understand it  
I wanted Ozzie and Harriet  
With a picket fence around it  
But that was all an illusion  
Now we're living in reality  
But there's gonna be a happy ending  
Wait and see

Yes there's gonna be a happy ending  
For you and me  
You better hurry for the old school bus
