

# Olivia Newton-John, Long Live Love

Long, long live love  
Love is to care  
Caring and sharing  
Long, long live love

All the kids like ten tin soldiers in a row  
Followed hand in hand  
Sister Anna carrying the banner for the Sally Annie band  
Singing songs of praise and glory  
We all learn to love their story  
Good things are coming to you  
Glory, glory hallelujah

Long, long live love  
As long as we live  
Living and giving  
Long, long live love

On a wet day, dry day, great to be alive day  
Brother takes the stand  
Cymbals ringing, everybody singing with the Sally Annie band  
Just a band of happy people  
Teaching, preaching love is equal  
When you feel the spirit move you  
Glory, glory hallelujah

Long, long live love  
Love is to care  
Caring and sharing  
Long, long live love, love, love, love, love  
Ohhh  
Long, long live love  
As long as we live  
Living forgiving  
Long, long live love
