

# Olivia Newton-John, Love Make Me Strong

(Terry Britten/Sue Shifrin)

There's no power capable of  
Coming between us--dividing our love  
To be faithful I have sworn  
Together we can weather the storm

Our tomorrows are ticking away  
Our hands are tied--we're victims of fate  
In my darkness I will pray  
For destiny to send me your way

Love make me strong  
Give me the strength to carry on  
Love make me strong  
A tower of strength to lean upon  
Love make me strong

The seven seas won't keep us apart  
Not with an ocean of love in my heart  
My devotion will see me through  
Cause nothing's gonna keep me from you

Love make me strong  
Give me the strength to carry on  
Love make me strong  
A tower of strength to lean upon  
Love make me strong

Oh it's a sad sad story  
True lovers forced to part  
Shot down in all it's glory  
You'll hear the sound of broken hearts

My devotion will see me through  
Cause nothing's gonna keep me from you

Love make me strong  
Give me the strength to carry on  
Love make me strong  
A tower of strength to lean upon  
Love make me strong  
Oh oh love make me strong  
Love make me strong, make me strong  
Love make me strong
