

Olivia Newton-John, Stronger Than Before

I've survived
So many things
From broken hearts
To shattered dreams
In every wall I've found an open door

I'd miss a step
I'd learn to dance
Come back again
With half a chance
Stronger than before

There were times
I couldn't see
Beyond the blue
Inside of me
A thousand miles away from shore

But every moment
Every day
With every step
I find my way
Stronger than before

I believe in miracles
I believe in dreams
Through the pain I've come to know
How far the heart can reach

A spark of hope
In sorrows place
Will shine
With such amazing grace
Stronger than before

I believe in miracles
I believe in dreams
Through the pain I've come to know
How far the heart can reach

A spark of hope
In sorrows place
Will shine
With such amazing grace
Stronger than before
Stronger than before
Stronger than before
Stronger than before
