

Olivia Newton-John, The Way Of Love

I believe one thing - you believe another
Doesn't mean I'm wrong
It just means each of us has the right to choose
Don't let anything get in the way of love

I can love one god - you can love another
Doesn't mean I'm wrong
Every soul is searching just to seek the truth
Don't let anything get in the way of love

I can sing one song - you can sing another
Doesn't mean I'm wrong
Don't let anything get in the way of love

Everybody has to walk their path in life
When it comes to this there is no wrong or right

I can dream one dream - you can dream another
There is no wrong dream
Every heart is searching just to seek the truth
And every heart is beating with the way of love

Show our children
It's not black or white
Everyone decides
When love is with them
They are safe in its light

I can walk one road - you can walk another
There is no wrong road
Every heart is searching for the right way home
And every path will lead us to the way of love
Oh no don't let anything get in the way of love

I can sing one song - you can sing another
There is no wrong song
Let's not confuse it
I believe one thing - you believe another
Doesn't mean I'm wrong
It just means each of us has the right to choose
Doesn't mean I'm wrong
Don't let anything get in the way of love
Oh no don't let anything get in the way of love
