

# Olivia Newton-John, Toomorrow

(Barkam/Adams)

"Tomorrow" is the answer that I will give  
If you ask me where do I live  
And where do I stay  
Yes, tomorrow

There is love all around  
Way up high where I'm flying  
Playing tag in the sky ever-flying  
Tomorrow

Tomorrow, take my hand and I'll lead the way  
You'll forget about yesterday  
Right here in my arms  
And forever there'd be a new world  
Where all our dreams come true  
Tomorrow, tomorrow  
With you
