

Olivia Newton-John, Water Under The Bridge

(Lordan)

Yesterday the rains came down, there was darkness all around
They told me you had gone to find a new life
But you left no word of where you'd gone, I fell right to the ground
And I needed all the help I could get to set me on my feet again

Water under the bridge carried my pain away from me
He was there trying to love and comfort me
Water under the bridge, I'm amazed at the change in me
I'm growing up, getting stronger constantly

I watched the ever-flowing stream as it washed away my dream
I felt like diving in and taking a ride
But the stranger took me by the hand and held me by his side
When I needed all the help I could get to set me on my feet again

Water under the bridge carried my pain away from me
He was there trying to love and comfort me
Water under the bridge, I'm amazed at the change in me
I'm growing up, getting stronger constantly

When I remember how I cried and how I nearly died
All for a man who had gone to find a new life
Now I can laugh, my friend's so fine he never seemed to mind
When I needed all the help I could get to set me on my feet again

Water under the bridge carried my pain away from me
He was there trying to love and comfort me
Water under the bridge, I'm amazed at the change in me
I'm growing up, getting stronger constantly
I'm growing up, getting stronger constantly, yeah
