

# Olivia Rodrigo, enough for you

I wore make-up when we dated  
Cause i though you'd like me more  
If i looked liek the other rom queens  
I kow that you loved before

Tried so hard to be everything you like  
Just for you to say  
You're not the cmliment type

And i know how you took your cofee  
And you favoutite sngs by heart  
I read all of your self-help books  
So you'd think that i was smart\*
