

Olly Murs, Beautiful to Me

She ties her hair up tight
Puts her armor on when she steps outside
She lives in black and white
And the colour's gone but it's in her eyes

Time and time again we're going back to the start
And I try and try again to bring some light to the dark
You know every day's a battle and it tears her apart
And I don't know why

And I'm picking up the pieces when they fall to her feet
She's been fighting off her demons so she'll never be free
She's been hiding in the shadows yeah it's hard to believe
And I don't know why

Love, don't ever change the way you are
You light the sky just like a star
I don't care what you see
You're beautiful to me

She, she never gets it right
And it feels like rain on a perfect night
And I, I'd be a hand to hold
You can push me hard, but I won't let go

Time and time again we're going back to the start
And I try and try again to bring some light to the dark
You know every day's a battle and it tears her apart
But, don't you cry,

My love don't ever change the way you are
You light the sky just like a star
I don't care what you see
You're beautiful to me

Love, open your heart and let it go
You're so amazing, don't you know?
I don't care what you see
You're beautiful to me

The light breaks through your hair and
They all stop and stare and
I'd go anywhere
Oh, why can't you just see that?
I'm crazy about you
I can't live without you
You don't see it,
But you're beautiful to me

Love, don't ever change the way you are
You light the sky just like a star
I don't care what you see
You're beautiful

Love, don't ever change the way you are
You light the sky just like a star
I don't care what you see
You're beautiful to me
Come on

Love, open your heart and let it go,
You're so amazing, don't you know?
I don't care what you see
You're beautiful to me

You're beautiful to me
