

Olodum, I Miss Her

Oh lord
I'd like to know where she is now
If she thinks about me or not
Oh not, Oh lord
I wanna give her all my love
My life, my heart
And please her

I wonder if I'm right?
Or must I try to forget her?

Be near me, darling
I miss you darling
Oh bring me, darling
Your sweet kiss, darling

I thought you were happy with me
But I think I made a mistake
Thinking about it
Darling, am I right or wrong?

Be near me, darling
I miss you darling
Oh bring me, darling
Your sweet kiss, darling

Oh jah! Oh jah!
I'd like to be near her
Oh jah! Oh jah!
I miss and love her
