

Omarion, Entourage

Girl, girl, girl, girl, girl, girl, girl
All I can say is
Girl, girl, girl, girl, girl, girl, girl

(Verse 1)

Lets Go!
I dont need nobody else around see
Love the way you compliment my style
Though you may end up bein' my only gurl
Cause when ur with me ur my whole world
Like when it's just me and you
Vibe is crazy between us two
Ur my homie my lover indeed and my friend
Now i said this before I'm a say it again

Now here is the situtaion
I like what weve got happening
And i dont want nothing comin in between both me and you
I'll let you be lieutenant if you let me be captain
Tell me if that's cool

(Chorus)

Baby i want you to be my entourage
(Super fly chick)
You could be my personal superstar
(Super fly chick)
Baby i want you to be my entourage
(Super fly chick)
If you want then we could take this very far
(Super fly chick)

(Verse 2)

Your a star in ur own right
At times you steal the whole spotlight
I dont mind gurl your find put a Smile on my face
Besides who want a chick that no dude would chase
Sometimes i know your unsure
Wonder if this will endure
Dont make me make a promise that i cant keep
Cause its cool how it is lets not complicate things Gurl

Here is the situtaion
I like what weve got happening and i dont want nothing comin in between both me and you
I'll let you be lieutenant if u let me be captain
Tell me if that's cool

(Chorus)

(Bridge)

Youre a star (omarion)
That u are (so beautiful)
Be my girl (i wanna take it to the top)
