

# Omarion, I Know

(Verse 1)

With him thinkin about me.  
Huggin me and kissin me.  
Say that you're dreamin bout me.  
So what the hell ya doin wit b?  
On the phone, tellin me what he does wrong.  
Can't keep singin that same song.  
Girl, it's obvious that you need to be with me.

(Chorus)

Baby, I know that you want me.  
Know that you need me  
Can't live without me.  
But babe, you got a man.  
And I know that you pretend that you're in love with him.  
But, he can't put it down like me.  
That's why I know that you want me.  
Know that you need me.  
Can't live without me  
I know it's hard on you.  
But you try to pretend that you're in love with him.  
But I know that you really want me, girl.

(Verse 2)

Said ya at home all alone while he's gone.  
Tryna act like what he doin ain't wrong.  
If your heart says follow him, then do it.  
Baby girl, I'm just tryna help you through it.  
4 months at a time, you don't see him.  
Wishin that I switch places with him.  
I'm not gonna press an issue.  
Just let it be.  
And if you're meant to be with me, we'll have to see.

(Chorus)

Baby, I know that you want me.  
Know that you need me  
Can't live without me.  
But babe, you got a man.  
And I know that you pretend that you're in love with him.  
But, he can't put it down like me.  
That's why I know that you want me.  
Know that you need me.  
Can't live without me  
I know it's hard on you.  
But you try to pretend that you're in love with him.  
But I know that you really want me, girl.

(Brige)

Baby girl if you're really feelin me, here is where you'll need to really be. (girl we can't play these ga  
And if you feel me say oh, oh, oh, oh, oh, oh, oh, oh.  
And if you feel me say oooh, oh, oooh, oooh, oh, oooh, oooh, oh, oh, whooaa.

Baby, I know that you want me.  
Know that you need me  
Can't live without me.  
But babe, you got a man.  
And I know that you pretend that you're in love with him.  
But, he can't put it down like me.

That's why I know that you want me.  
Know that you need me.  
Can't live without me  
I know it's hard on you.  
But you try to pretend that you're in love with him.  
But I know that you really want me, girl.
