

# Omarion, Makin' My Way

Been on the losing side  
This time I'll turn the tide  
This time I won't give up  
No baby

This time I'm in control  
I want the whole world to know  
Ain't know one to slow me down this time  
This world's gonna be my light  
There's a brand new stream I've found  
And I ain't looking back

(Chorus:)

And if the river's too wide, I'll get through it  
And if the mountain's too high, that won't stop the stream of mine  
I'm on my way, I've got a plan  
I'm making my way any way that I can

This time around (This Is It Baby)  
Stand my ground, live my dream  
I've realized how I lie deep in me...

I will never turn at one,  
There's nothing I can overcome  
Let these cats keep bumping dawns  
I'll just grind on and get it done  
I will never turn as one  
There's nothing I can't overcome

Ain't nothing to slow me down this time  
Sweet faith is on side  
Giving it all I got  
Blinding is dead  
Straight to the top I'll get through it (Cum'on Baby)

(Chorus:)

And if the river's too wide, I'll get through it  
And if the mountain's too high, that won't stop the stream of mine  
I'm on my way, I've got a plan  
I'm making my way any way that I can
