

Omarion, Take It Off

I love how you doing the things you do
Ghetto girl with the braids and the Nike shoes
I don't mean no disrespect to you
But a nigga really tryna F**K wit you
See you looking at me with those hazel eyes
Big chest, Big butt and those big ol thighs
All eyes on you and that's 4sho
You shakin' it like you in my video

Mami shake it
Mami work it
Girl I lovin' the way you work it
So Mami can you take it off
That's all I really wanna do is see you take it off (Take it off, Take it off girl)
Your body is bangin' Girl
Don't leave me hangin'
So Mami can you take it off
That's all I really wanna do is see you take it off (Take it off, Take it off girl)

Swinging your hips from left to right
I'm tryna leave this place with you tonight
Really wanna see you take it off for me
Love what you doin', when you doin' that shit for me
It be shakin' like a Polaroid picture
I'm just tryna get behind and grindin' wit' cha
Up and down, round and round, side to side we go
Damn girl I gotta put you in my video

Mami shake it
Mami work it
Girl I lovin' the way you work it
So Mami can you take it off
That's all I really wanna do is see you take it off (Take it off, Take it off girl)
Your body is bangin' Girl
Don't leave me hangin'
So Mami can you take it off
That's all I really wanna do is see you take it off (Take it off, Take it off girl)
