

# Omd, Mystereality

Mystereality

It's not the same game anymore

A-nor the time or the places before

You don't know, you don't know, you don't know

If you see me you'll be asking

It's always take take take take take take take

Oh reality don't fool me

No mistakes this time

Mystereality

Well really it's all just promises

You know how much I hate the unforeseen

Oh don't you know

A-never never a regard for the truth

What's the meaning of that Mister R

Oh reality don't fool me

No mistakes this time

My my reality

So where did we go wrong

Have you seen just a-recently

The lengths to which we've been

You could say that it's time

Escapes they seldom work

Oh reality don't fool me

I can and you don't know
