

# Omd, Silent Running

God only knows  
This isn't heaven  
The promises made  
He never kept them  
We're walking on air  
We're taking our time  
But God only knows  
His isn't reason or rhyme  
I've had this feeling  
I don't believe it  
It's happened before  
I just reject it  
We're walking on air  
We're taking our time  
But God only knows  
His isn't reason or rhyme  
These are the feelings  
I know their outcome  
It's useless pretending  
I'd like to beat them  
We're walking on air  
We're taking our time  
But God only knows  
His isn't reason or rhyme
