

Omen, Thorn In Your Flesh

Feel it stabbing in the air
You talk to me of reasons
Why you don't care
You're always pushing harder
I can't get no rest
If I could just remember
Remember my name

(Chorus)
Cause I'm the thorn in your flesh
Yes I'm the thorn in your flesh

Call of the wild keeps you there
Oh well I guess I'm the last of things to do on your list
You keep on counting higher
And if you get any lower
I guess you'll blast away what's left of my brain

(Chorus)
Cause I'm the thorn in your flesh
Yes I'm the thorn in your flesh

I never had me no place to roam
I never had a thing of my own
Now you fill me up with your fire
Let me feel desire

(Chorus)
Cause I'm the thorn in your flesh
Yes I'm the thorn in your flesh
