

# Omen, Thorn In Your Flesh

Feel it stabbing in the air  
You talk to me of reasons  
Why you don't care  
You're always pushing harder  
I can't get no rest  
If I could just remember  
Remember my name

(Chorus)  
Cause I'm the thorn in your flesh  
Yes I'm the thorn in your flesh

Call of the wild keeps you there  
Oh well I guess I'm the last of things to do on your list  
You keep on counting higher  
And if you get any lower  
I guess you'll blast away what's left of my brain

(Chorus)  
Cause I'm the thorn in your flesh  
Yes I'm the thorn in your flesh

I never had me no place to roam  
I never had a thing of my own  
Now you fill me up with your fire  
Let me feel desire

(Chorus)  
Cause I'm the thorn in your flesh  
Yes I'm the thorn in your flesh
