

# On The Last Day, To Feel The Rain

(feat. Wil Francis of Aiden)

Is there anybody there can you hear me  
I want to say I'm coming home (To say I'm coming)  
But that would be a lie because I'm out of area  
And the signals disappear (The signals disappear)  
I'm left out here alone, alone and so afraid  
(You left without saying goodbye)  
I'll miss what happens next because I'm still the same  
I am right here

Tear open these skies, I want to feel the rain  
And I'll do anything  
Tear open these skies, I want to feel the rain  
To make it home again  
Tear open these skies, I want to feel the rain  
I want to feel the rain

(This war starts today)  
Declared, this battle begins today  
(This war starts today)  
This path is littered with friends and enemies  
Please say back home you'll wait for me  
Surviving on letters and memories

You're still knocking at my door, still pounding in the rain  
Fortify your hardened shell (Fortify your hardened shell)  
The war keeps waging on, with warnings on the screen  
Don't forget about me (Don't forget about me)  
Make my message get there carried on the thoughts alone  
(You left without saying goodbye)  
Don't forget about me, don't forget about me  
(you left without saying goodbye)  
I am right here!

Tear open these skies, I want to feel the rain  
And I'll do anything  
Tear open these skies, I want to feel the rain  
To make it home again  
Tear open these skies, I want to feel the rain  
I want to feel the rain

Don't you cry.  
I am right here.  
Don't you cry.
