One-21, Morality

Let's be a part of the moral fashion show,

we look so good we're strong enough to overcome any opposition

knock us down we'll get back up

but keep all your weaknessess a secret don't let us see them if you can

If you fail then you're an outcast you don't get a second chance.

Straight as an arrow, but headed straight for Hell

workin' so hard to improve yourself

what does it profit you if you set your goals to gain the whole world but lose your soul.

Never shoot up never drink a drop

well I'd hate to be there when your bubble's popped righteous acts

like filthy rags wicked hearts to blood stained hands well

I struggle with it too I want to earn my own way

but there's nothing I can do I am saved in Jesus' name

Maybe we can fool everybody they'll bever know that we're not perfect.

Maybe we can fool ourselves is we're good then we can make it.

Well can you live a perfect life

how will you know what's right and wrong

how can you cry " Morality " if you don't know the god who wrote the law?

Not saved by words so that no man can boast

Christ paid the price with his life on the cross.

No man earns his way give your life to Christ today.

Morality without Christ eventually ha its price.

How good do I have to be to be good enough?

No man is good not even one.
