

One Bad Pig, Blow And Go

Dying people on the street
Each step closer to the heat
People hurting, tired and weak
But were too afraid to speak

Chorus:
Blow Spirit, blow
And then through me flow
So I can go, go ,go ,go
Tell the world

Silent mouths and dead cold prayer
Show how much we really care
If we dont go theyll never see
Jesus came to set them free

Blow Spirit, blow
And then through me flow
So I can go, go ,go ,go
Tell the world

Empty words dont mean a thing
We need the power the Spirit brings
Your excuse is growing old
Recieve the Spirit and be bold

Blow Spirit, blow
And then through me flow
So I can go, go ,go ,go
Tell the world
(2x)

Tell the world
