

One Bad Pig, Don't Be Fooled

A real slick dude slipped up from behind
Said he spoke the truth, but it fogged my mind
"Jesus is an invention of men,
So this repressive notion of sin";

Chorus:

Dont be fooled
Dont be ruled
Its all lies, lies, lies
Who are you trying to kid?
(2x)

"Go ahead and do whatever you choose
Its your life, and you cant ever lose
Dont be afraid that youll have to pay
Theres no such thing as a judgement day";

Dont be fooled
Dont be ruled
Its all lies, lies, lies
Who are you trying to kid?

Satan, youre not blinding me
By the Blood of the Son Ive been set free
(2x)

"Charlatan preachers try to sell
The myth that satan is alive and well
But you can see from what Ive said
Its just superstition running in your head";

Dont be fooled
Dont be ruled
Its all lies, lies, lies
Who are you trying to kid?
(2x)
