

One Bad Pig, For A Good Man

Little boy lived in fear
He wont be afraid no more
Trembl3ed when his dad came near
Now lays lifeless on the floor
What do you do for this child of strife
What would you give to save his life

Chorus:

Might care to cry for a good man
Might care to fight for a good man
Might dare to die for a good man
So wheres a good man you can find

Helpless mother did not speak
Turned her head and shut her eyes
His power made her feel so wak
Now alone with the shame she cries
What do you do for this frightened wife
What would you give to save her life

Might care to cry for a good man
Might care to fight for a good man
Might dare to die for a good man
So wheres a good man you can find

Father, he lost all control
Lost his freedom, lost his soul
At his wrist he holds a knife
Now what would you give to save his life

for a good man
Might care to fight for a good man
Might dare to die for a good man
So wheres a good man with no blame
The best and worse of us the same
Jesus saves us from all shame
Our shame
From all shame...
