

One Bad Pig, Make Me Burn

Make me burn with a heart thats true
Consumed by all your love can do
Make me burn with a pure desire
Ignited by Your holy fire

Lord make me burn

Make me burn with a joyful seal
So all the world can see You're real
Make me burn with the kind of love
That comes from Jesus up above

Lord make me burn

Make me burn with the Spirit's power
I need You so in this dark hour
Make me burn with a flame so bright
That demons quake and run in fright

Lord make me burn

I can be so cold, I can stay so far
It's me who runs from where You are
