

# One Bad Pig, Never Forget The Cross

Old times are hazy, oh I was crazy  
I was more than just a little deranged  
When Jesus found me, He did astound me  
My heart and mind He has totally changed  
I dont remember all the times I lied  
Cant recall all the days I failed  
Dont remember all the people I hurt  
But cant forget the Hands I nailed

Never forget the cross  
(x4)

Im so decerning, got Bible learning  
Ive explored the most profound mysteries  
I took a tumbling, I needed humbling  
He burst my pride and drove me to my knees  
He doesnt count how much I speak in tongues  
Hes unimpressed by my pious game  
Hes not fazed by the money I give  
But remembers I called on Jesus name

Never forget the cross  
(x4)

Never forget it!!!!

Theres no victory gained without no loss  
No resurrection without no cross  
No golden crown without no nails  
Trade my life for a Love that never fails

Never forget the cross  
(x12)

Never forget the cross...
