

One Bad Pig, People Cry Out

Marriage vows so often break
A friends betrayal is hard to take
Real love - something you cant fake
Eternal things are here at stake

Chorus:

Cry

Cry out

People cry out to God

The worlds truth is only lies
False rainbows dance before their eyes
Their god a demon in disguise
The real truth waits to make them wise

Cry

Cry out

People cry out to God

(2x)

"Call out to Me, and I will answer you,
Great and mighty things will I show to you"

My hearts at a raging boil
So little fruit to prove my toil
Pour upon me healing oil
Plant my life in fertil soil
Oh God deliver me!!

Cry

Cry out

People cry out to God

(repeat til end)
