

# One Bad Pig, See Me Sweat

I just cant hold back  
I feel an urgency  
Im sweating out my love  
Hoping you will see  
Im screaming out the truth  
With my every breath  
This is more than show  
This is life and death

Chorus:  
Gotta make it real  
Cant let you forget  
Youll know how I feel  
When you see me sweat  
Ive heard from above  
Now my mind is set  
You can see my love  
When you see me sweat  
See me sweat

In the garden night  
In Gethsemane  
Hear his broken sobs  
"Take this cup from Me"  
Perspiration falls  
Like great drops of blood  
Merging streams of red  
Soon become a flood

Chorus 2:  
Poured out from above  
His Blood paid the debt  
You can see His love  
When you see me sweat  
Gonna scream the truth  
`Til Im soaking wet  
Pouring out my love  
When you see me sweat

Get on your feet  
Put your hand to the plow  
You prove your love  
By the sweat of your brow

Gotta make it real  
Cant let you forget  
Youll know how I feel  
When you see me sweat  
Ive heard from above  
Now my mind is set  
You can see my love  
When you see me sweat  
See me sweat

See me sweat, see me sweat  
See me sweat, see me sweat
