

One Bad Pig, Sleepin' With The World

In the little red brick house, daddy is sleepin with mommy
In the little house next door, daddy is sleepin with tommy
Everybody's sleepin with someone, you're sleepin with the world
Bill and sue were out all night, they weren't sleepin in that car
Late night soft core tv flick, dream of sleepin with a star
Everybody's sleepin with someone, you're sleepin with the world

Chorus:

Get out of bed - can't hide your shame
Get out of bed - he knows your name
Get out of bed - just one way's right
Get out of bed - be clothed in white

Way of yonder in d.c, a senator's sleepin with pages
On the east side of the city, there's women sleepin for wages
Man's tried most everything, except sleepin with his wife
Pervert just got out of jail, does his sleepin with a knife

Get out of bed - can't hide your shame
Get out of bed - he knows your name
Get out of bed - just one way's right
Get out of bed - be clothed in white

til i gave jesus everything, i didn't live it on the level
Little did i know it then, i was sleepin with the devil
The bride of christ has got to stop
Stop sleepin with the world

Get out!!!
