

# One Bad Pig, Thrash Against Sin

Think that I am perfect  
To Him its dirty rags  
When I think Im nice and warm  
He just take one look and gags

Chorus:

Thrash, thrash, thrash against sin  
Dont let satan enter in  
Thrash it once, thrash it again  
Thrash, thrash, thrash against sin

You have done the job  
But dont forget the wage  
I looked inside the Book of Life  
I couldnt find your page

Thrash, thrash, thrash against sin  
Dont let satan enter in  
Thrash it once, thrash it again  
Thrash, thrash, thrash against sin

Better get right  
Better repent  
Better be quick  
Your time is almost spent

Lets hate all that is evil  
And stick with what is good  
Or else we mock the Man who died  
Upon a cross of wood

Thrash, thrash, thrash against sin  
Dont let satan enter in  
Thrash it once, thrash it again  
Thrash, thrash, thrash against sin

Thrash, thrash, thrash against sin  
Thrash, thrash, thrash against sin
