

# One Bad Pig, Up The Nose

There it goes up the nose  
There it goes up the nose  
There it goes up the nose  
And the family goes down the drain

There it goes up the nose  
There it goes up the nose  
There it goes up the nose  
And the family goes down the drain

This is your brain  
Your brain on drugs  
This is your brain in hell

There it goes up the nose  
There it goes up the nose  
There it goes up the nose  
And the family goes down the drain

There it goes up the nose  
(Lines, rails, snow trails)  
There it goes up the nose  
And the family goes down the drain  
The family goes down the drain  
The family goes down the drain!!!!
