

# One Chance, Nuborn

Damn

You no I did you wrong and everything but I

I just want u to know that I need you back by my side and there ain't nothing like to do now I just wa

One chance

One more one more one more chance x3

Oh yeah

CHORUS

Just give me one more chance

Girl you are my everything

One more glance, at your face

Cause you no you are my queen

Now I feel you, you no my heart will see u in my dreams just come back to me

I did my dirt to make you hurt in the past

But this time I promise I will make it last

Cause when u left girl why am I gonna support my soul

How is self esteem and on the down low

Thinking you will no, you thinking I'm faithful

Til the truth unfolds and u told me you're done and u had to go

Left me all alone, when I took the phone

Cause I did u wrong

And I'm trying to be strong, never meant to ever let you go

Cause you no you're the one that brings me up sounds like the sun and now I'm down the road and

One more one more one more chance x3

Just give me one more chance.

Repeat Chorus:

I'm feeling so shamed cause I was playing games

Who else is there to blame no not, you

But myself girl having you wasn't enough for me you did so much for now I couldn't see

Now let me breathe ah ah ah no oh

Never want to have another reason for you to leave

I'll do anything for you to get you, you deserve what I need

So come back to me just come back to me

Cause if I didn't have you in my life my life would end

Not only are you my lover but my friend

My my my my my my friend my my my my my my friend (no oooohhhh yeah yeah yeah) x2

Just give me one more chance

Girl you are my everything

One more glance, at your face

Cause you no you are my queen

Now I feel you, you no my heart will see u in my dreams just come back to me
