

# One Chance, One Chance

(Pre-Verse:)

I can't understand what I'm going through  
It's like every morning when I wake up  
I think of you  
I got you on my mind all the time  
You're a dime  
And I got to have you right by my side so  
Listen up to what I gotta say  
I need you in my life  
Wouldn't have it any other way  
And if you don't know my name  
It's time that you get acquainted  
Let's go ah!

(Verse 1:)

I know you ain't looking for a man tonight  
Cos everytime I'm in a relationship  
Things just don't go right  
Emotional rollercoaster's up & down girl that's life  
You ain't alone I promise you  
I swear I've been going through some things too  
Sit down right here  
And let me, your dear, let's talk for a minute  
So I can tell you how  
I love your style, perfect smile  
I must admit it  
You're a dime, and u got to be mine  
Your life girl I wanna be in it  
I don't want nobody but you...

(Chorus:)

Looking for love in all the wrong places  
Staring you right in the face  
Bet you...you noticed it if he touched you  
Got to be in the right place  
Just take a chance  
I'll make it all worth it  
Your life will never be the same  
If you can trust me girl I will show you

(Verse 2:)

I know that you already heard every word that I'm saying  
And boo...  
You think I run a game  
We're all the same  
But I wanna show you that ain't true  
We can take it slow  
Let me know  
Cos baby girl its up to you now  
What you wanna do now  
Listen girl...

I know a place we can go  
And no one has to know  
Just me & you  
We can do anything you wanna do  
Don't say no (don't say no)  
Just roll with the flow (just roll with the flow)  
Cos I can't see myself without you, oohh...yeh!  
Oohh

(Chorus:)

Looking for love in all the wrong places

Staring you right in the face  
Bet you...you noticed it if he touched you  
Got to be in the right place  
Just take a chance  
I'll make it all worth it  
Your life will never be the same  
If you can trust me girl I will show ya

(Rap:)

Come and walk with me...  
It's alright ma  
Come and talk to me  
I ain't trying to rush you  
Just come walk with me...eyy!  
And we can do whatever you want to do  
Hop in the convertible  
And get yourself comfortable girl!  
Just let you know I'm feeling your whole vibe  
I'm feeling your whole style  
And I'm trying to get inside you  
Just take a ride with your boy to the sky ma  
You in the club and you looking so fly ma  
You with a darn-arm shining like a rock-charm  
You hear the song  
You know we gonna get it on..ah!  
Till six in the morning  
We gonna keep going  
Till the kids yawning  
Till the kids snoring  
Here let me show you  
Ride with me shorty  
We rolling on the floor  
This you know your boy balling  
Hit the mall dawling  
Give me your number  
Get in the right place  
And I'm gonna call you  
We on yeh!

(music fades out)
