

# One Direction, Stole My Heart

Liam: The light shines  
It's getting hot on my shoulders  
I don't mind  
But this time it doesn't matter  
Cause your friends they look good and you look better

Don't you know all night  
I've been waiting for a girl like you to come around, round, round

Harry: Under the lights tonight  
You turned around and you stole my heart  
With just one look  
When I saw your face  
I fell in love  
It took a minute girl to steal my heart, tonight  
With just one look, yeah  
I've been waiting for a girl like you

Liam: I'm weaker my words fall  
And they hit the ground  
Oh life, come on here don't you fail me now  
I start to say I think I love you  
but I make no sound

You know cos all my life  
I've been waiting for a girl like you to come around

Harry: Under the lights tonight  
You turned around and you stole my heart  
With just one look  
When I saw your face  
I fell in love  
It took a minute girl to steal my heart, tonight  
With just one look, yeah  
I've been waiting for a girl like you

Zayn: There is no other place that I would rather be  
Than right here with you tonight  
As we lay on the ground I put my arms around you  
And we can stay here tonight  
Cos there's so much that I wanna say  
I wanna say

Harry: Under the lights tonight  
You turned around and you stole my heart  
With just one look  
When I saw your face  
I fell in love  
It took a minute girl to steal my heart,  
And under the lights tonight  
You turned around and you stole my heart  
With just one look  
When I saw your face  
I fell in love  
It took a minute girl to steal my heart, tonight  
With just one look, yeah  
I've been waiting for a girl like you  
I've been waiting for a girl like you
