

One Dollar Short, Starry Night

I could stay all night in this carpark with
you in my arms watch the street lights fade
we could count the stars one by one tonight
everyones asleep its just the two of us

It was a starry night and the moon shining so bright
looking into your eyes

Missles and love hearts, drawn on frosted glass
while the radio plays our favourite song
we made promises that we knew we could never ever keep
i wish this night could last forever

it was a starry night and the moon shining so bright
looking into your eyes.....
stay with me stay with me tonight
stay with me tonight

it was a starry night and the moon shining so bright
looking into your eyes

stay with me
stay with me tonight
stay with me tonight
