

# One Fine Day, This Dying Day

let go, there might be no tomorrow  
you know that I'm the king of sorrow  
and again I still hope  
that our hearts can escape this misery

I'm so scared of  
what lies beneath but I keep on ignoring  
everything must cease all else would be boring  
but again isn't life  
worth to keep on trying to be free

can you feel this dying day  
overcome our souls  
when hearts turn black  
I call the dawn for you

I'm so tired of waking up with you  
everything now carries me to you  
and again I know your with me  
and our hearts will escape this misery

it's not over  
I won't lie I won't lie down in chains  
as long as blood runs through my veins  
and I know I'm still breathing  
when I melt down with you don't let it go

can you feel this dying day  
overcome our souls  
when hearts turn black  
I call the dawn for you
