

# One For The Team, A Better Job

Lets move, lets move to Brooklyn together  
We'll both get internships at Matador records  
And we'll get an apartment, they are so small  
We'll only call it a part

One part you, one part me  
We'll live in moderation in the NYC  
Getting groceries and shopping for free  
You and me and we

Oh, no, no  
When you asked...  
I said I was capable, not available  
Oh, no, no  
When you asked...  
I said I was capable, not available

Someday I'll make an honest man out of you  
Someday I'll make an honest man out of you  
Someday I'll make an honest man out of you  
Someday I'll make an honest man out of you

Lets move, lets move to Brooklyn together  
We'll both get internships at Matador records  
And we'll get an apartment, they are so small  
We'll only call it a part

One part you, one part me  
We'll live in moderation in the NYC  
Getting groceries and shopping for free  
Just you and me and we
