

# One Man Army, Casualty

I Know I'm Not To Blame  
And The Scars Don't Tell The Same  
I've Got More Than One  
They All Know My Name  
Your A Strange One Indeed  
A Casualty  
I Know I've Seen Better Days  
And I've Once Knew All About  
Everything And Nothing Of Use  
The Illicit Drugs And Teenage Sex  
In The Marquis Lights  
Tonight I Hope When It Ends  
I'll Fell No Shame...Fuck'em All  
We'll Be Here When You Fall  
It's A Sad Song For Us All  
We're All Waiting Here  
Their Waiting For Me Tonight  
He Insists He's Not To Blam  
And The Scars Don't Tell The Same  
He's Got More Than One  
They All Know His Name  
Your A Strange One Indeed  
A Casualty
