

One Minute Silence, Words

Life - They fought and fell and died and never came home

Words - For words they fought and words they fell and words alone

War - I tried to see it your way

Tried to see it your way

But words fail me

Life - Above all else if nothing else

I can't see my way again

I can't see my way again

So here we are

Dawn of a new day

Fuck how it looks

Fuck yesterday

I'm not saying forget

That's not what I'm saying

That's not what I'm saying

You make me feel like I'm nothing

But that's life

Yeah, that's life

50 million

A small price for freedom

My freedom

Fuck freedom if I'm not alive to live it

I'll fight for it

I won't kill or die for it

This is a rich man's world

Let the rich man fry for it

Strange - On no man's land for no man's land

How brave how grand how very dead indeed?

Hope - How many more if any more

How many roads before the hand we hold is free?

War - I've tried to see it your way, tried to see it your way

Reasoned but with reasoning life only echoes mine

Life - Above all else if nothing else

I can't see my way again

I can't see my way again

So here we are

Dawn of a new day

Fuck how it looks

Fuck yesterday

I'm not saying forget

That's not what I'm saying

That's not what I'm saying

You make me feel like I'm nothing

But that's life

Yeah, that's life

50 million

A small price for freedom

My freedom

Fuck freedom if I'm not alive to live it

I'll fight for it

I won't kill or die for it

This is a rich man's world

Let the rich man fry for it

Peace - They fought and fell and died and never came home

Words - For words they fell and words they fought and words alone

I've tried to see it your way I've tried to see it your way

Words fool me

Words fail me
