

One Night Only, All I Want

If you're heart don't work then you won't get hurt
Say goodbye
Such a shame, say goodbye

My hits don't hurt or my words don't work
Say goodbye
Don't you cry, don't you cry

'Cause I believe
'Cause I believe

All I want is something to believe in
Even if it's just to hear your name
All I want is what you've got me feeling lately
Please don't let me throw it all away

Speak how you feel so the word sound real
Don't you lie
Such a shame, such a shame

My hits don't hurt or my words don't work
Say goodbye
Don't you cry, don't you cry

'Cause I believe
'Cause I believe

All I want is something to believe in
Even if it's just to hear your name
All I want is what you've got me feeling lately
Please don't let me throw it all away

Speak how you feel
Speak how you feel
Speak how you feel
So the word sound real

Speak how you feel
Speak how you feel
Speak how you feel
So the word sound real

All I want is something to believe in
Even if it's just to hear your name
All I want is what you've got me feeling lately
Please don't let me throw it all away
