

# One Night Only, Sweet Sugar

I was walking up a beaten track,  
I had the sun in my eyes, sugar in my mouth.  
A feeling, something in the air  
A feeling I didn't care about.  
I didn't care about it.

So then I walked down to the riverside  
To see my friends, but they weren't there.  
I had a feeling that they wouldn't be.  
I realised, there's plenty more fish in the sea.  
Yes, yes, yes, it was you I wanted to see.

I don't care, I'm just inspired.  
Whatever I say is never right,  
But then there's you.

You are my C<sub>6</sub>H<sub>12</sub>O<sub>6</sub>, sweet sugar.  
Every time that we kiss I get butterflies.

It's like feeling your heart go to and fro  
The tears crash down like waterfalls.  
For me and you and you and me.  
It breaks my heart to break you heart girl,.  
Because I'm growing up.

I don't care, I'm just inspired.  
Whatever I say is never right,  
But then there's you.

You are my C<sub>6</sub>H<sub>12</sub>O<sub>6</sub>, sweet sugar.  
Every time that we kiss I get butterflies.

I had a feeling,  
But now I forgot it.  
It was a feeling,  
But now its not.  
No no no...

You are my C<sub>6</sub>H<sub>12</sub>O<sub>6</sub>, sweet sugar.  
Every time that we kiss I get butterflies.

A feeling I didn't care about.
