

One Side Zero, Awake

So sorry, whisper all night,
I lay here deep in silent plight,
My head consumes the light,
Too much thought my life's evolving,
I wish that I could buy,
Another world that's all grown up,
Inherit sleepless cries,
I'd rather kill the torment...
Kill the torment.

Say,
It's alright,
Can't,
I won't,
Hold,
I'm always awake,
Should,
This time,
You,
Forgive
Leave,
Surrender awake.

You've seen the worst of my dreams,
I can't escape this endless breach,
Holding on so tight,
Scribing lovers' stories hopeless,
So place on my eyes,
The sounds of my life,
Can't wait see my hands above her...
See my hands above her

Say,
It's alright,
Can't,
I won't,
Hold,
I'm always awake,
Should,
This time,
You,
Forgive
Leave,
Surrender awake.

You're always,
Looking.

Say,
It's alright,
Can't,
I won't,
Hold,
I'm always awake,
Should,
This time,
You,
Forgive,
Leave,
Surrender awake.

Say,
It's alright,
Can't,

I won't,
Hold,
I'm always awake,
Should,
This time,
You,
Forgive
Leave,
Surrender awake.
