

One T & Cool T, The Magic Key

Listen up!

This sudden end to my days
Makes me wish I'd changed my ways
Spent more time with the posse
One-t, nine-t, bull-t, me
From up here, life seems so small
What's the meaning of it all?
Miss the way it used to be
One-t, Nine-t, Bull-t, me
Where in the world could I be?
Homies looking so cool, cool, I'm Cool-T!
Tuxedos made of snow
Is there something I should know?
Mom and Pop and little bro
Dead and gone so long ago
Could this be paradise at last?
The first test I've ever passed

Chorus:

Music's the odyssey
It's here for you, for me
Just listen and find the magic key
Music's the odyssey
It's here for you, for me
Just listen like your life be free
Blissful days, what you gonna do?
Still I miss my old t-crew
Can't afterlive without'em
I just wish they only knew!
May they have lived without a home
But my homies love me kept me warm
Taught me to forget 'bout the game
Money, hatred, hunger, pain
This sudden end to my days
Makes me wish I'd changed my ways
Spent more time with the posse
One-t, Nine-t, Bull-t, me
From up here, life seems so small
what's the meaning of it all?
Miss the way it used to be
One-t, Nine-t, Bull-t, me
Repeat chorus
Missing you, missing you
Missing you, magic crew
The game of life is over
Wish I'd stopped to smell the clover
Sing it'till your face turns blue
And less time clickin' off pops
Sing it' till your face turns blue
Bull-t, Nine-t, Cool-t, too
Had a meeting with my maker
The superhuman baker
He popped me in the oven
And set the dial to lovin'
Now I watch over my boys
Help'em keep on making noise
Never pictured me with wings
Guess I've heard of stranger things
Repeat chorus
Missing you, missing you
Missing you, magic crew
