

# One Vo1ce, Crying Game

I think that I have played this game before  
It's been a little while  
So I'm no that sure  
Maybe they changed the box a bit  
Put a few more pieces inside of it  
The names have changed to ones  
I'm not familiar with

But I know it's the same game  
Although the faces change  
It must be 'cause it plays the same  
First up and down and then the bag  
This is the one because I recognize the pain

At the end  
I don't win again

Crying game who wants to play  
When all there are  
Are losers  
And if you choose it  
You'll always lose it  
The crying game  
Who wants to play  
The crying game  
When all there are  
Are losers  
Glimpse of the sun  
Eternal rain  
The crying game  
All it brings it pain

Thought I would have learned my lesson then  
Back when I was young and we were more like friends  
Though my heart still felt the pain from then  
Sure enough I let you back again  
Will I allow myself to let this cycle end

And I have no one to blame  
I guess cupid lost his aim  
Must have hit me in my let again  
My knees get weak and I begin  
To persuade myself to be the one to love again

I can't bare  
That you don't care anymore

Crying game who wants to play  
When all there are  
Are losers  
And if you choose it  
You'll always lose it  
The crying game  
Who wants to play  
The crying game  
When all there are  
Are losers  
Glimpse of the sun  
Eternal rain  
The crying game  
All it brings it pain

Free me from all of my dark despair  
Grant me 3 wishes so that I can be anywhere but here

Storms of life evacuate my heart  
Because the lessons you teach with the people I meet  
Are tearing me apart
