

One Vo1ce, So Badd

My recollection
I was lookin' in my rearview reflection
You were at the spotlight headin' the other direction
And from that very day you've had my undivided attention- oh

As I remember
My heart raced and I felt a change in pressure
Then I turned around and I chased you down for that number, boy
That I could call sometimes
But I've got you on my speed dial cause you're heavy on my mind

So bad why do I want you so bad
Being without you makes me so sad

Don't wanna be without
Well I'd like to get to know you well and
Find out why I want you so bad

In my bedroom
I lay awake at night hopin' 2 see you soon
Though you're not even my type I hope that I and you
Can get to know each other better
Maybe we can find out why you're always on my mind

Oo you drive me crazy but I want you for my baby why why do I want you

So bad why do I want you so bad
Being without you makes me so sad

Oo you drive me crazy but I want you for my baby why why do I want you

So bad why do I want you so bad
Being without you makes me so sad
