

# One Vo1ce, What Does It Take

Chorus:

What does it take to keep you  
Keep you in my life  
When I sleep at night  
I dream visions of us being together (Don't stop, when you really want me.)  
Always I love you  
I need you here with me  
All the time

When I think about the one I want  
There's not a doubt in my mind  
Never met a guy like you before  
You got me goin crazy inside  
No longer afraid to love  
You were sent to me from above  
Right here is where I wanna stay  
You've got me so mesmerized (by your side)  
If I'm not with you I fantasize  
The joy you bring to me makes life worth living  
Each and every day  
I long to be with you  
Just to be close to you  
Feels like an answered prayer, I swear  
Please tell me

CHORUS

When I dream about my future days  
And spending them with you  
Nothing else excites me quite as much  
As seeing you each morning I wake  
The sight of your lovely face  
The warmth of your tight embrace  
You're my sunshine through my cloudy days  
I can't have it any other way  
Gotta be with you night and day  
I thank the world of you  
So please believe me when I say it's true  
Never worry, never have a doubt  
You make my life so sweet, baby  
Just tell me

CHORUS

Through all the good  
And the bad times  
You never let me down  
You stayed by my side  
So strong and so true  
I'll be good to you

CHORUS
