

One Way System, Ain't No Answers

Nothing you can say
Is gonna work out right
Nothing you say
Will make me go to fight
Nothing you say
Is the gospel truth
Nothing you say
Will ever help the truth

There ain't no answers to our problem
no solution can't you see
there ain't no answers to your problem
leave us leave us let us be

one more day you join the longer queue
one more day there's nothing new
the futures bleak for people like you
everyday there's f**k all to do

nothing you say
is gonna work out right
nothing you say
is ever gonna come true
all you say
is never new
everyday
till the end of you
