

# One Way System, Pressure On

Picture in your roaming mind,  
Another place, another time  
Once took more than just a whine,  
To make me stop and look behind  
False belief and vain hope,  
I lie to myself and pretend to cope

Don't put too much pressure on,  
Don't put too much pressure on me  
Don't put too much pressure on,  
Don't put too much pressure on me

Never mind you'll be blind,  
You're confined to a paranoid mind  
Never mind you'll be blind,  
You're confined to a paranoid mind

Don't put too much pressure on,  
Don't put too much pressure on me  
Don't put too much pressure on,  
Don't put too much pressure on me

If I stop and take a look,  
The whispers stop, I become unstuck  
A second look from slight eye,  
The need to run from passers-by  
Feeling I get from inside,  
The need to run from the phantoms of mine  
Having mind of a certain kind,  
I'm confined to a paranoid mind

Don't put too much pressure on,  
Don't put too much pressure on me  
Don't put too much pressure on,  
Don't put too much pressure on me

Never mind you'll be blind,  
You're confined to a paranoid mind  
Never mind you'll be blind,  
You're confined to a paranoid mind

Don't put too much pressure on,  
Don't put too much pressure on me  
Don't put too much pressure on,  
Don't put too much pressure on me

Fucked up mind is in a state,  
Constant paranoia now turned to hate  
You better go your fate is near,  
Cling to a life you hold so dear  
I see red I want you dead -  
A lost cause is what the doctor said  
Having mind of a certain kind,  
I'm confined to a paranoid mind

Don't put too much pressure on,  
Don't put too much pressure on me  
Don't put too much pressure on,  
Don't put too much pressure on me

Never mind you'll be blind,  
You're confined to a paranoid mind  
Never mind you'll be blind,  
You're confined to a paranoid mind

Don't put too much pressure on,  
Don't put too much pressure on me  
Don't put too much pressure on,  
Don't put too much pressure on me
