

# One Way System, This Is The Age

This is the age of science fiction  
But still you've got your drug addiction  
This is the age of computer technology  
But still you've got your brain psychology

You're computerised  
Then victimised  
You're animalised  
But paryalysed

This is the age of computer technology  
But still you've got your brain psychology  
This is the age of science fiction  
But still you've got your drug addiction
