

One Way System, Victim

feeling numb, nearly dead
no more left is what they said
all fucked up we're all used
another cabbage has blown a fuse

victim victim they've made a victim
victim victim another victim
victim victim he's now a victim
victim victim they've made a victim

his own habit screwed him up
nobody cares it's his bad luck
nobody goes to see him no more
they've locked the door room 10 ward 4
