I like slowing down, I like shutting up
I like laughing , I like being surrounded
I didn't like much of that guy's last record, but I liked the way it sounded.
Am I really in the race?
Are you straight or gay?
Do you really care?
Are those questions just to see how it sounded?
What I wanna know is do you wanna run as fast as the air
or as long as the ground is.
Am I really in the race?
